

RoadMap

Because navigation is every bit as important as destination.

Fall 2007

The Need

Jacksonville doesn't need another church, but our city is in need of engaging environments where believers can invite their unbelieving friends to ask questions and hear the message of hope presented in an affirming, non-threatening way.

Access Church

A group of Jacksonville residents, committed to leading others into growing relationships with Jesus Christ, have asked North Point Ministries to partner with them in reaching the First Coast.

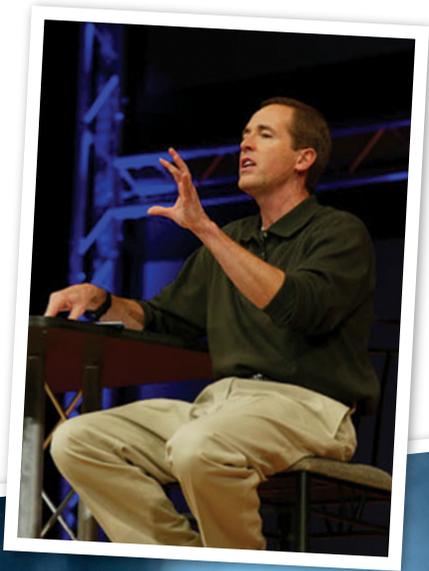

Following North Point's proven model, we have a clear strategy for creating environments that encourage intimacy with God, community with insiders, and influence with outsiders.

However, creating irresistible environments and designing a church from the ground up with a desire to reach outsiders is an expensive venture and requires a number of committed people.

The Opportunity

A visionary group of women and men in Atlanta are committed to the future of Access Church. These individuals have offered to match, dollar-for-dollar, any local gifts received between now and December 31, 2007. In turn, they ask that over the next ten years Access Church help start other partnerships.

Visionaries have offered to match any gifts received between now and December 31, 2007.

Our Strategy

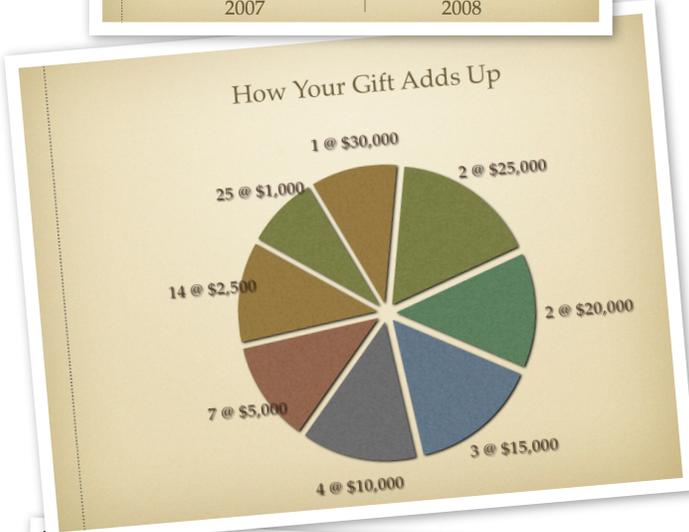

Regular Giving

Regular giving is from that part of us that says, “Everything I have is from God, so I’m going to regularly give back to him by prioritizing a percentage of my income for my local church.” Regular giving is generally received by mail or Sunday offering. In a new church, it takes up to two years before regular giving alone will sustain the necessary environments.

Visionary Giving

Visionary giving is from attenders and friends of Access Church who are willing to give over and above their regular giving to see this new venture succeed. In a very real sense, it is venture capital that pays amazing dividends!

Visionary giving allows us to go further, faster. When contributing to this fund, please mark your gift, “RoadMap Fund.”

North Point Ministries

A group of women and men in Atlanta who are passionate about leading people into growing relationships with Jesus Christ, even if those people are 400 miles from their city! These individuals have offered to help us reach financial break-even, so we can help other partnerships in the future.

Our Goal

Financial Break-Even, and More!

The point at which our regular giving is able to cover the expense of providing excellent, irresistible environments that can literally change people’s minds about church and about God. While we estimate this to be a year away, we get a little closer each month. Thank you for *being* the church!
